Please tick the appropriate box below to ensure that we clearly understand your order confirmation preference:

TruFrame require a signed order acknowledgement for EVERY ORDER, placed using faxed or emailed order forms, before proceeding to manufacture. I accept that the order delivery date may alter if there is a delay in returning this document.

I DO NOT want to confirm every order, placed using faxed or emailed order forms, before proceeding to manufacture, however I understand that orders which include 3rd party bought-in products (such as glass) will require a signed order acknowledgement.

If you wish to ammend any of these options, you must notify us in writing. Changes to your account will be made as soon as possible, however it can take up to 10 working days for changes to be implemented. Any changes will come into effect on any orders processed after the implementation date. By signing this form you agree to and accept any and all statements made by TruFrame Trade Frames Ltd as detailed above.
